State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The registrant was not, without unreasonable effort or expense, able to file its Annual Report on Form 10-K for the fiscal year ended February 28, 2019 by the applicable due date due to it continuing to be a development-stage company with limited internal compliance, financial reporting and accounting functions. Additionally, the Company is still preparing analyses and providing documentation requested by its auditors in connection with its audit for the year ended February 28, 2019. The registrant will file the Form 10-K within the 15-day extension period provided by Rule 12b-25.

If answer is no, identify report(s).

Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Until the completion by Fingermotion, Inc. (the "Company") of its year-end closing and audit procedures for the year ended February 28, 2019, the Company is unable to provide a reasonable estimate of its detailed results of operations for the fiscal year ended February 28, 2019. However, subject to the completion of the Company's annual financial statements for inclusion in the Company's Annual Report on Form 10-K and the audit thereof by the Company's independent registered public accounting firm, the Company expects the results of its operations for its fiscal year ended February 28, 2019 to reflect significant changes in results of operations from the results of its operations for the Company's fiscal year ended February 28, 2018. The Company is providing the following preliminary estimated results for the fiscal year ended February 28, 2019:

The Company expects to report that revenues for the year ended February 28, 2019 increased to \$1,473,073, compared to \$453,543 for the year ended February 28, 2018. The Company expects to report that cost of revenue for the year ended February 28, 2019 increased to \$1,130,021 compared to \$434,717 for the year ended February 28, 2018. The Company expects to report that its operating expenses for the year ended February 28, 2019 increased to \$2,907,743 compared to \$1,768,394 for the year ended February 28, 2018. The Company expects to report that loss per share for the year ended February 28, 2019 and 2018 were approximately \$0.12 and \$0.15, respectively, based on the weighted-average shares issues and outstanding at the end of the year.

The foregoing statements are based on the Company's current expectations as of the date of this filing and are preliminary and may change. As noted above, the Company has not completed its year-end closing and audit procedures for the fiscal year ended February 28, 2019 and there can be no assurance that final results for the year-end will not differ from the preliminary estimated results included herein. In addition, these preliminary estimated results should not be viewed as a substitute for full interim or audited financial statements prepared in accordance with generally accepted accounting principles in the U.S. ("GAAP") that have been reviewed and/or audited by the Company's auditors.
